SPRAY-HIT
the modern solution

Bye bye brush!

The mobile solution for clean and uniform application of cold materials.

Spray-Hit 0300

- Consistent application of material
- Fast, efficient processing
- Fog- free spraying
- Best results:
Egg, oil / release agent
Syrup, cream and many more

The Spray-Hit ended the period in which the application of egg was tedious, time consuming, and because of pastry brush hair, anything but effective and hygienic.

The Spray-Hit is available in different sizes. For easier handling a large container on a trolley is available as an option. Through the use of proven pneumatic technology, you are absolutely mobile anywhere in your bakery.

Of course, the Spray-Hit is delivered ready to use with hose and gun.

For the hygienic processing of liquid egg and egg wash, you get the Spray-Hit with a water flush system. Thus, the Spray-Hit is always available in a clean and hygienic condition.

Take advantage of our experience as a specialist in the field of pastry finishing and invest in the bright future of your business.
